YOUR GUIDE TO THE DIGI WORLD

MATT A born rebel, Matt doesn't always appreciate others' opinions and prefers to do things his own way. Seen by others as "too cool," he tries to hide the introspective, sensitive side of his personality, but it sometimes comes through when he deals with his little brother, T.K.

The crest representing Friendship enables Matt's Digimon partner to digivolve to the Ultimate Level.

YOUR GUIDE TO THE DIGI WORLD

SORA With a strong sense of duty, Sora is the group's mature voice of reason. Perceived as a tomboy, she would love to cut loose and have a rip-roaring adventure, but instead she takes on the responsibility of keeping the others safe. She's compelled to do so because she's not convinced Tai can handle the situation.

This crest, representing Love, enables Sora's Digimon partner to digivolve to the Ultimate Level.

Then they have a sweepstakes you can also with thousands of Digimon prizes to be won like T - shirts and backpacks, skateboards, watches videos, even TV sets and VCRs.

Or, **MEADOWLEA** has a great promo going in their 500gm tubs. You get Free Sticker in every one - but then when you peel off the back you could win an instant prize! There are 7 stickers to collect.

The **BIG MEGA** prize is a trip for a whole family to go to Disney Land and LA for 7 nights. Really cool!

But then they have Digimon Playstation games, sponge buddies and facts books to be won. This promotion goes until mid February, so there is heaps of time to get everyone in the family spreading that Meadowlea!

The kids and their Digimon counterparts stumble upon a mysterious automated factory that works around the clock but seems to produce nothing but useless machinery.

But when the group unexpectedly encounters the angry cyborg Andromon, they learn a lesson in the production of MAYHEM! Will a new Digi-volved champion arise to save the day?

Then in the **second story** following an underground passage, the kids and their Digimon friends are attacked by a group of foul - mannered, sludge throwing, sewer - dwelling Numeron. They escape, only to end up in Toy Town, a strange place where toys play with kids!

And calling the shots is a giant teddy bear Digimon, Montzaemon, whose personality is anything but cuddly!

The Numeron, one of who has a crush on Mimi, comes to their aid, and Palmon digivolves to the giant cactus form of Togemon to pitch in!
